

4S CenterPoint RGS mini

The 4S CenterPoint RGS mini is a CenterPoint Standalone Air Purifier used to reduce the levels of Volatile Organic Compounds (VOC's) and viable airborne biological contaminants. The unit may be utilized as a portable "point-of-use" air purifier or may be permanently placed in a room. The RGS mini uses (1) 4S CenterPoint 1212 PCP.

Proven technology to disinfect, deodorize, and filter air.

4S CenterPoint Technology

Improves Health and Productivity:

- Eliminates airborne SARS-CoV-2**.
- Reduces Smoke and Odors
- Reduces Airborne Biologics IE: Mold Spores, Bacteria VOCs and many other Irritants.
- Reduces Carbon Monoxide
- Continuous Protection

4S CenterPoint technology (patented) often eliminates the need for costly HEPA and carbon filtration. 4S CenterPoint units do not produce ozone.

CenterPoint Technology

Special Features:

- Rated for 600 to 1,000 Sq. ft.*
- (2) 12" UV-C lamps (non-Ozone producing)
- Variable Speed Control
- 12" x 12" x 2" MERV 13 Filter
- (1) 1212 PCP Compound Panel
- Power Requirements:
120 Volts AC @ 60 Hz
3.02 Amps
- Air Flow (CFM): 300 - 500
- Size: 19" x 15" x 15"
- Weight: 40 lbs.

Step 1: MERV 13 Filtration...

Reduces particles you can't even see. New high efficiency, high capacity, low resistance particle filter reduces most pollen, mold, mildew, ragweed, dust, house dust, bacteria, pet dander, and many other submicroscopic poisons, allergens, and irritants.

* Based on 3 ACH in a room with a 10 ft. ceiling.

** Test results available upon request.

Step 2: UVGI Lamps...

CenterPoint uses ultraviolet light to activate the photocatalyst, which reduces and deactivates air borne bacteria, viruses, mold, spores, and fungi.

Step 3: Photocatalyst...

Using Titanium Dioxide energized by UV light, 4S CenterPoint, produces hydroxyl radicals. Hydroxyl radicals are a natural cleansing agent found in the troposphere. Hydroxyl radicals reduce and oxidize biologics in the air, such as mold bacteria, and viruses, thus rendering them nonviable. CenterPoint safely and effectively neutralize biologics and reduces concentrations of VOCs.
